Hack The Box

TIME

25th Apr: 09:00 am UTC +2
26th Apr: 23:59 pm UTC +2

DATE

25th of Apr, 2020
- 26th of Apr, 2020

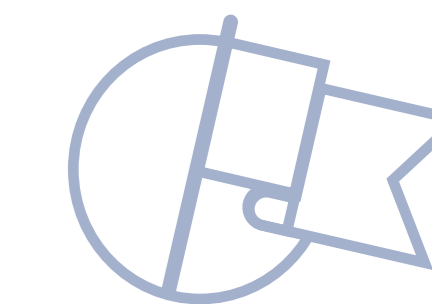

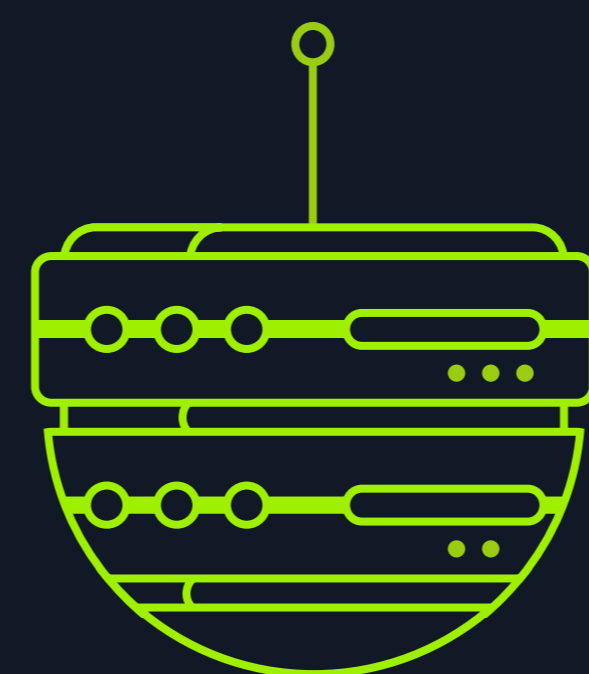

CATEGORY

Capture The Flag

Hack The Box is very happy to announce that this year we will be hosting the **ECSC Qualifications** for the Greek team.

Anyone born between 1995 – 2006 and has a Greek nationality can take part in this CTF and qualify to represent Greece at the European Cyber Security Challenge 2020 Finals in Vienna, Austria.

During this CTF, all participants will have the opportunity to demonstrate their skills in a competition of wits, dedication, lateral and out of the box thinking. The players will have to solve **18 Challenges** in total with a variety of difficulty.

CTF Duration

START OF CTF

25th Apr, 2020

09:00am UTC+2

Through

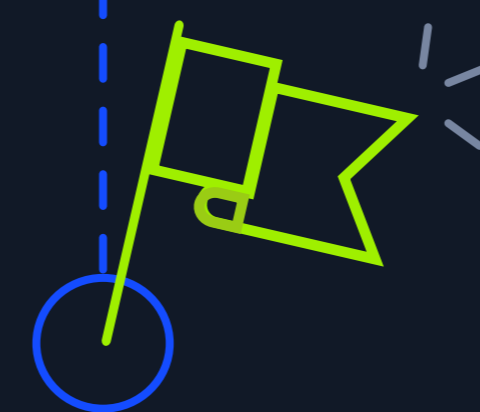

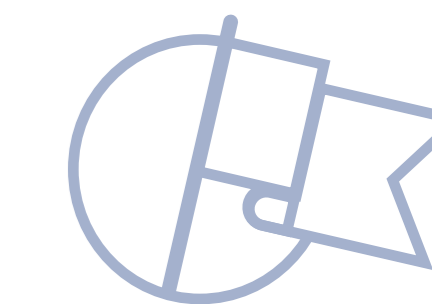

END OF CTF

26th Apr, 2020

23:59pm UTC+2

In case of unavoidable failures
(e.g. *Datacenter breakdown*)

We are able to re-deliver the CTF
at next available date.

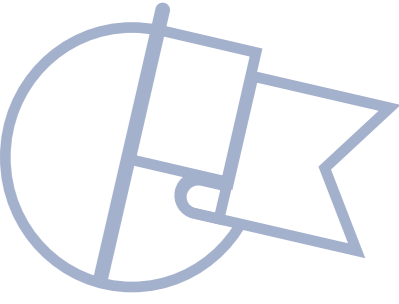

Anyone interested in joining the ECSC Greek Team Qualifications has to do the following:

1. Create an account *(skip if you already have one)*

The first step is to create an account on HTB's CTF platform at <https://ctf.hackthebox.eu>. If you are already a registered user on the CTF platform you can skip this step. This CTF is for individuals only;

2. Create a team *(only 1 member)*

The second step is to create a team of one member only. Teams with more than one member will be disqualified.

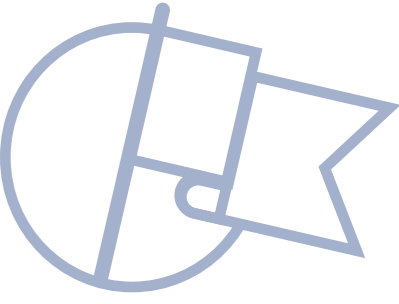

Join ECSC Quals

3. Join The ECSC CTF

After you have created an account and a team in the CTF platform, join the CTF “ECSC 2020 Greek Team Quals” with the Password:

{ECSC_2020_Quals_G4meOn!}

Disclaimer: If you have an account on HTB platform at hackthebox.eu, it is not the same platform as <https://ctf.hackthebox.eu> so please create a new account with username and email of your choice!

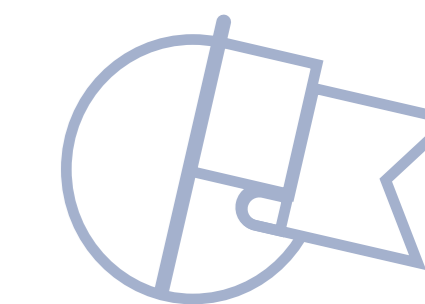

4. Provide Your Personal Information

When you complete the above steps go ahead to this form

<https://forms.gle/EymnhBiArgkn2Dag7> and fill in the following information:

- Email
- Team Name (The team name you used to join the CTF)
- First Name
- Last Name
- Date of Birth
- Place of current residency

*All players **must** to go through the **above** steps to join the ESCS Qualifiers CTF.*

CTF Categories

A variety of challenges will be available for all levels of hacking expertise.
Take your time to not only solve them but to learn as much as possible!

CTF Rules

<p>ENTRY POINT</p> <p>ctf.hackthebox.eu</p>	<p>MAX TEAM SIZE</p> <p>One Team, One Player</p>
--	---

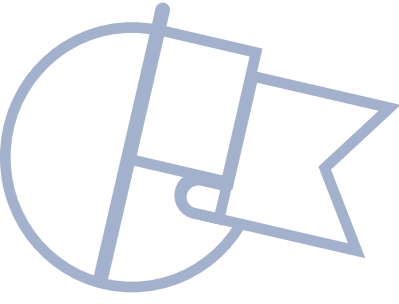

CTF RULES

- All players in order to qualify to the final round must be born between 01.01.1995 - 31.12.2006. Any players born outside this timeframe cannot participate in the qualification round.
- The final team of ten representing Greece at the ECSC Finals won't be formed based on their ECSC Quals CTF rank. It will be determined based on their performance and attendance during the National Team Training Sessions hosted after the CTF.
- Players are required to have a Greek Nationality.
- Players will be divided in to the following categories based their birth date after they qualify:
 - Seniors: 01.01.1995 - 31.12.1999
 - Juniors: 01.01.2000 - 31.12.2006

CTF Rules

- It is strictly forbidden to perform any kind of Denial of Service or any other unwanted actions against the servers or associated infrastructure.
- Do not try to brute force the flag submission system.
- Do not perform any unwanted actions against other teams/members.
- Do not try to exchange flags/write-ups/hints of the challenges during the competition with other teams participating or to other external entities.
- Do not distribute the content of the CTF (the challenges) to third party entities for help.
- Behavior in Discord and the forums towards other teams or HTB Team must comply with our [ToS](#) (section 9). Failure to do so will result in the appropriate penalty.
- Please familiarise yourself with the [ToS](#) in place regarding our content and intellectual property.
- Any violation of these terms will automatically disqualify the player from the competition.

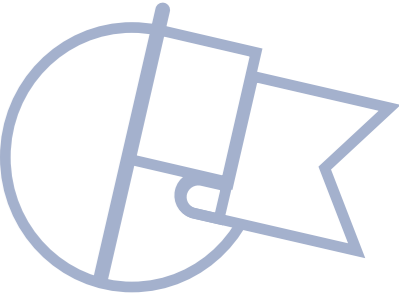

CTF Support

The support during the CTF event will be done via the ECSC 2020 Quals Discord server. To enter the server please visit this URL

<https://discord.gg/Jcp9gAw>

For the days of the CTF, the HTB and ECSC team will be available throughout the time of the competition. The purpose of the support is not for hints, but for any issues you may have with the platform, your account or with the challenges. Use the server provided and our dedicated staff will reply ASAP; we will be more than happy to help you.

For the remaining days before and after the CTF, response will be best effort!

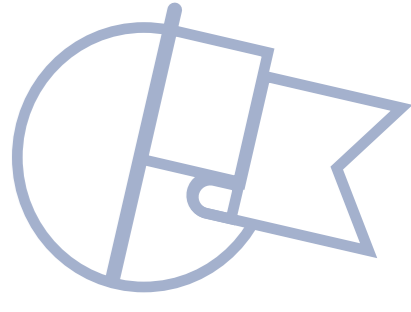

CTF Scoring

Scoring will be dynamic; the more solves a flag has, the less points it will award everyone. This ensures that difficulty is derived from the actual performance of the teams.

The players will be qualified based on CTF challenge completion.

If teams are tied, the one that finishes the challenge the fastest will appear higher on the scoreboard.
